REFERÊNCIA FABRIC REFERENCE

5128/Regenerated Cork/FP40

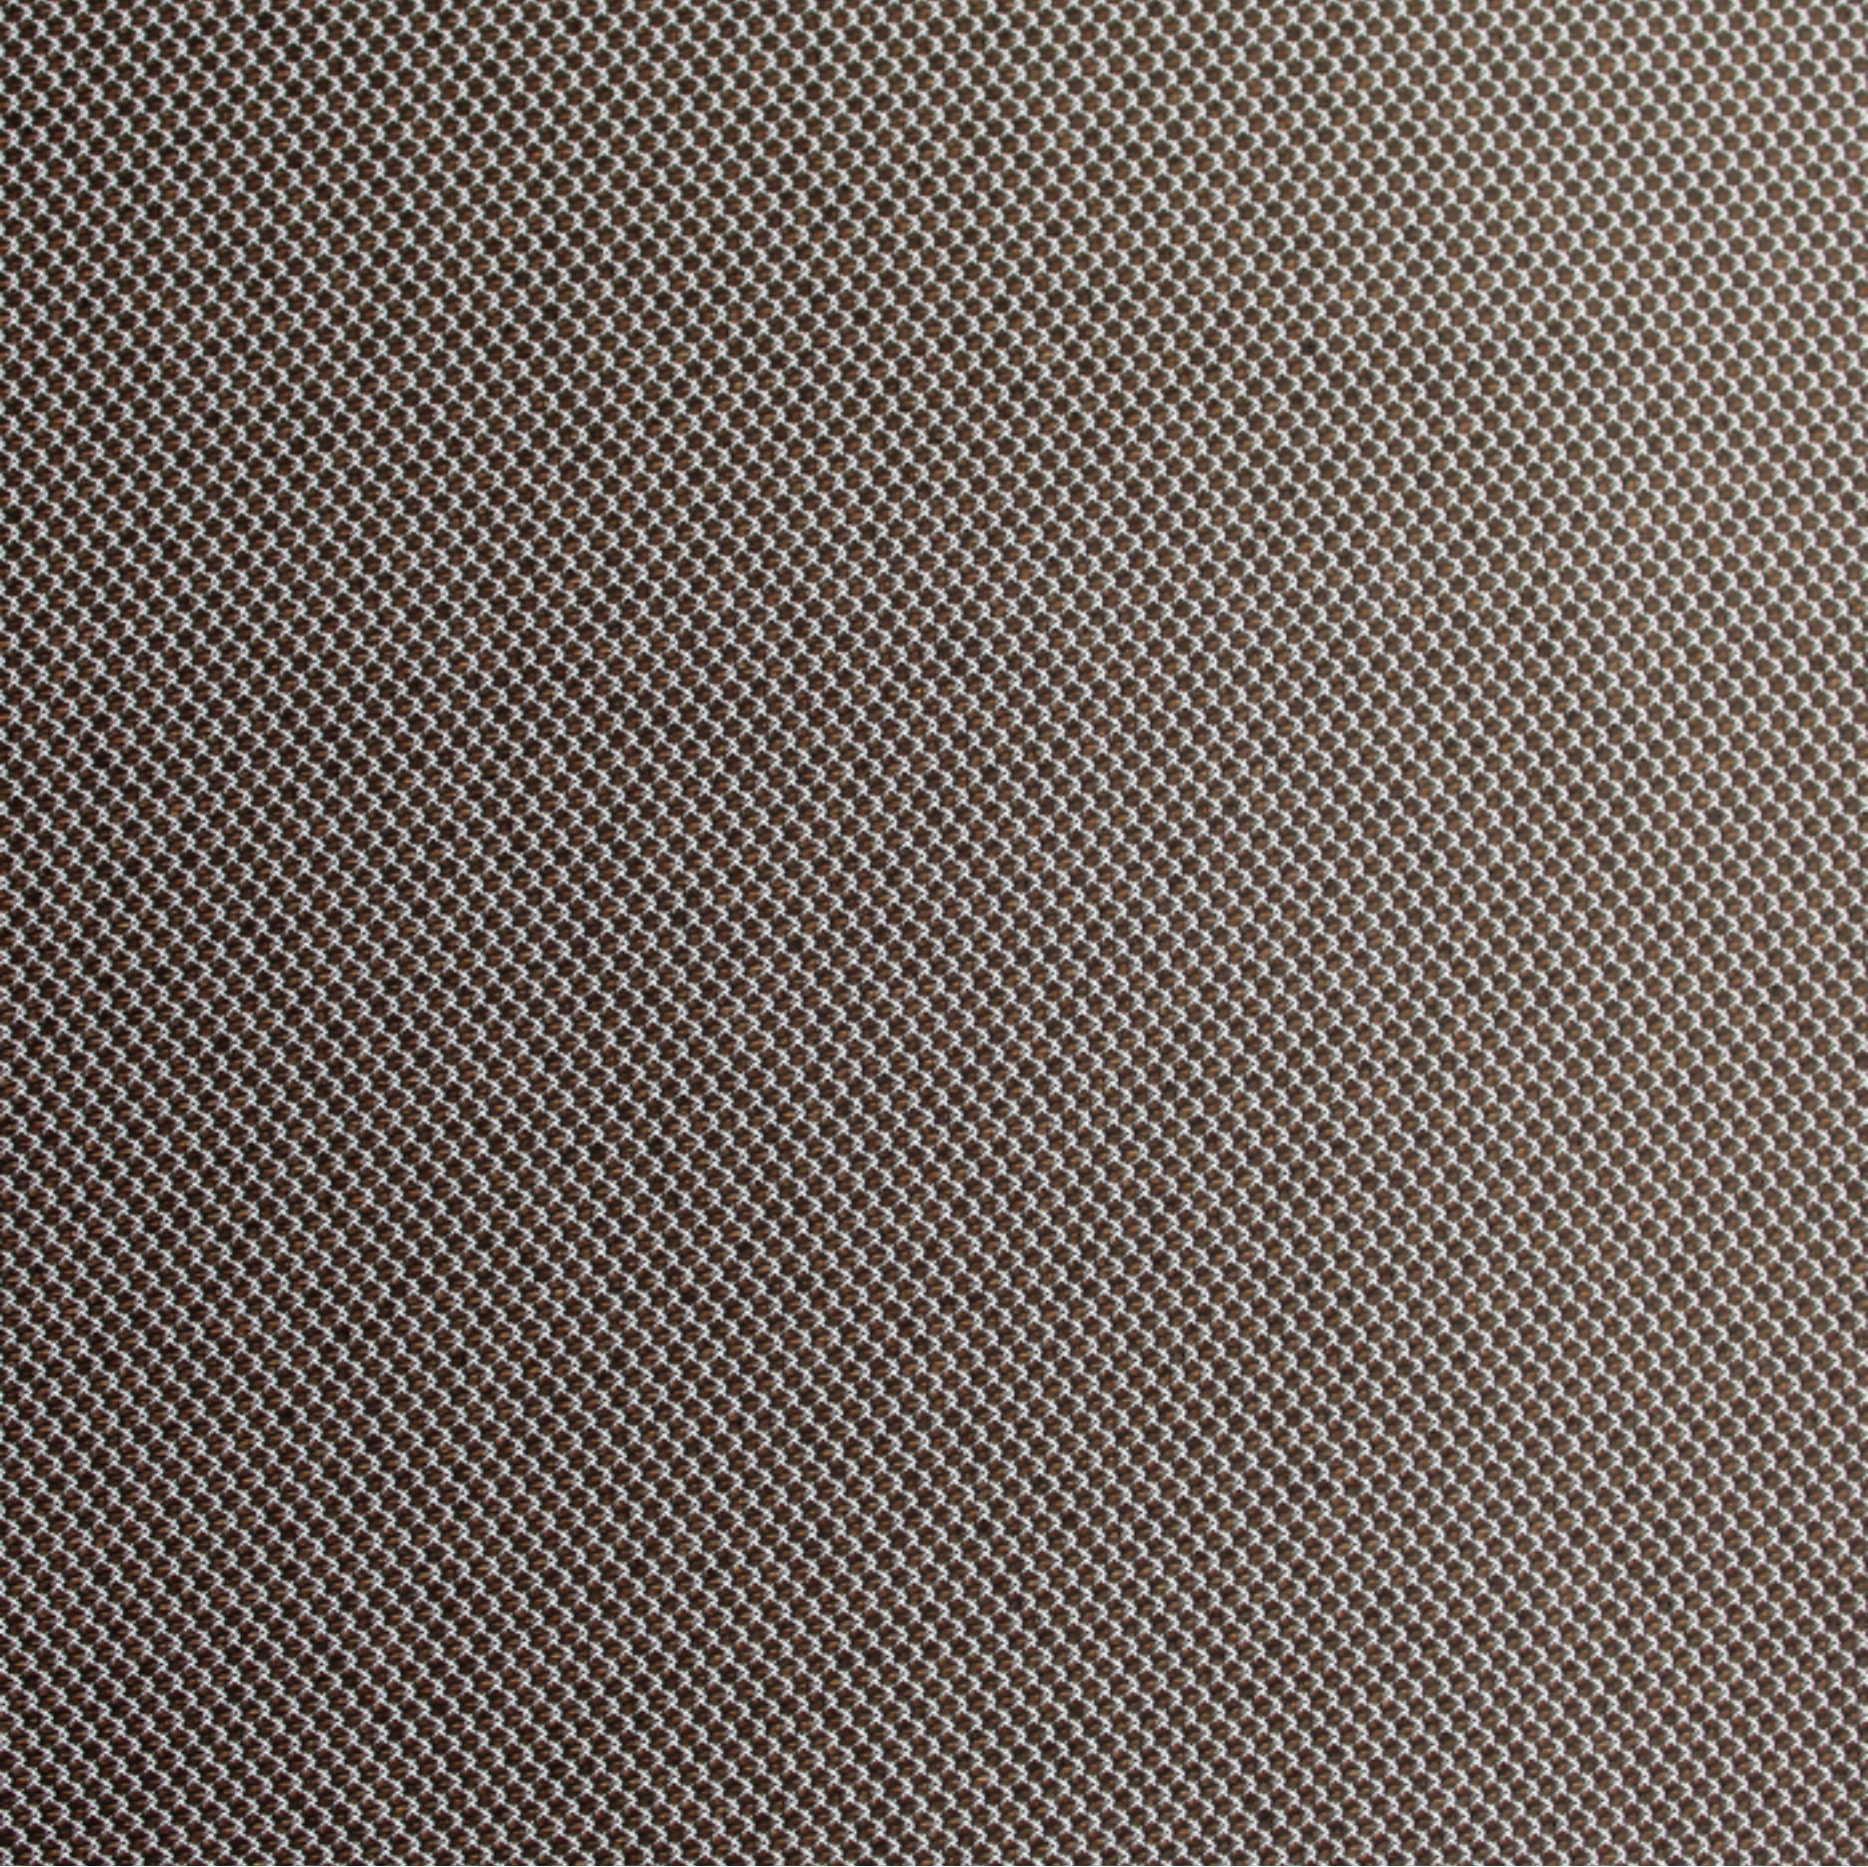

COMPOSIÇÃO COMPOSITION

45% Regenerated Cork, 45% Polyester, 10% Polyurethane

GRAMAGEM WEIGHT (GR/M²)

175

APLICAÇÃO APPLICATION

VESTUÁRIO DESPORTO SPORTS CLOTHING
Camada Exterior ▪ *Outer Layer*

TECNOMODA TECHNO-FASHION

FUNCIONALIDADES FUNCTIONALITIES

Impermeável ▪ *Water Proof*

Limpeza Fácil ▪ *Easy Care*

FATORES DE DIFERENCIAÇÃO

INNOVATION STATEMENT

«Cork membrane performance attributes: Natural product (97%); Anti-static; Thank to its permeability to the vapor it prevents formation of condensations; shock absorbent; Sound absorbent; Scuff resistant / Slip resistant; Ideal in the simultaneous combination of thermal and acoustic insulation; It does not have free solvent or dangerous compounds; Renewable resource. Tricot 100% Pes Coating with a breathable, waterproof and windbreaker membrane, combined with Cork, a natural antibacterial; Odourless, Thermal, Shock/Sound absorbent product. Thanks to its permeability to the vapor it prevents formations of condensations. Ideal in the simultaneous combination of acoustic insulation, does not have free solvent dangerous compounds. Renewable resource.»

ISPO Best Product Award in Membranes and Coating Category.
