Proteção UV ▪ *UV Protection*
Leveza Extrema ▪ *Extreme Light*

FATORES DE DIFERENCIAÇÃO INNOVATION STATEMENT

«The adidas fall adizero tennis dress, stands out from the crowd. Each dress is unique in design and style and features a scoop neck, super lightweight feel, racerback, and a heat transfer adidas logo at center chest. By using the sublimation printing technique, the design and style of each garment piece is unique, with an individual pattern that should not be mistaken with a defect. The fitting is highly improved due to a specially fitted bust and the existence of no bra. Regarding materials, the use of the Adidas climalite© technology, provides a correct moisture management performance in action. This model is used by PRO's Daniela Hantuchova and Ana Ivanovic and was developed in cooperation between Adidas and P&R development team. Main Functionalities: Extreme Light, UV protection, fast dry, breathable.»
