| <b>Contact</b>                  | Angela Teles<br><br>angela.teles@riopele.pt  |
| <b>Product reference</b>        | 958  |
| <b>Composition</b>              | 100% Cotton (25% recycled cotton)  |
| <b>Brief description</b>        | Following a concept of “the best of waste”, this cellulosic fibre fabric was dyed using dyes extracted from natural resources such as pomegranate peel. These natural dyes have antimicrobial properties, giving a new approach to fabric functionalization.   |
| <b>Sustainability evidences</b> | Company certified ISO 14001 for the environmental management (certificate nº 2006/AMB.0287) + OHSAS 18001 for the occupational health & safety management (certificate nº 2006/SST.0107) + SA8000 for the social responsibility (certificate nº IND17.2054) + STeP by OEKO-TEX® - sustainable textile production (certificate nº 16000579); GRS (Global Recycled Standard) |
