

Company	RDD Textiles, Lda. https://rddtextiles.pt
Contact	Dolores Gouveia dolores.gouveia@rddtextiles.pt
Product reference	000152
Composition	60% SOYA (from Waste) + 20% CLY SEACELL + 20% HEMP
Brief description	An innovative composition of 3 alternative, eco-conscious natural fibres whose properties promote comfort, health and well-being. The product has therapeutic benefits, such as anti-bacterial effect, UV protection, and cell regeneration. Note the softness to the touch, the quality of draping, lightness and silky shine. Soya fibre provides easy care characteristics and the hemp fibre the durability.
Sustainability evidences	
Application field	Fashion + Athleisure
